Wear a Civic Club Tag to-morrow.

The man who lay dead on his counter for three days was not a man who advertised.

No American citizen has a moral right not to have convictions on questions of public interest and they ought to be homemade convictions at that.

No amount of talking before-hand or afterwards can make up for failure to go to the polls on election day and expressing your honest convictions by the ballot you cast.

Don't forget the Wauseon Poultry Show and Grain Exhibit November 20th to December 4th. The business men of Wauseon will be glad to meet you there in a special way, come over and get acquainted.

Three states defeated Equal Suffrage last Tuesday. We are in favor of a plan whereby the franchise may be given to all men and women who esteem it highly enough to use it and taken away from those who neglect or abuse their privilege.

Fifteen women in the East Precinct eleven in the West Precinct and four in the South Precinct cast their ballots for members of the Wauseon Board of Education last Tuesday. Twenty women in Wauseon interested enough in the schools to vote!

Advocates of State-wide Prohibition in Ohio have every reason to congratulate themselves upon the success of their campaign this Fall. It is a great achievement to cut a majority of 84,000 in two and it is certain evidence that the sentiment against the use of alcoholic beverages is growing. It is only a question of time when not only in Ohio but in all the United States the manufacture and sale of intoxicating liquors for use as beverages will be a thing of the past. We simply cannot afford it, we need our brains and health and money for far more important things. Those who have their money invested in any branch of the liquor business will do well to heed the warning and set their capital at work in other lines.

THE DOWELL SCHOOL.

Last Friday was our regular month-

ly election. The election had an ad-

ditional interest on this occasion for

the school ballot which included the

proposed "dry" amendment to the

constitution. If the whole state goes

dry with the same majority that the

"school" did the victory will surely

be an easy one. There were thirty

voters and when the votes were count-

ed there were twenty-nine "dry" and

one "wet". Evidently the solution of

the saloon question is more of a

teacher's job than a preacher's. Evi-

dently the inclination to vote "wet"

must be educated out of the people.

Estell Mohr being a very efficient

Chief of Police was re-elected with

Kenneth Beck as policeman and Cora

Lupp as police woman. The much

sought office of mail clerk fell again

to a girl. Mabel King being the

tucky candidate.

Last week we lost one of our ball

players. Walter Connor came to us

from the Emerson School about six

weeks ago and returned again to his

old school last Monday. We were

sorry to lose Walter and we miss him

from our play ground.

Our record of attendance was good

again this month. There being only

five days absence from the entire

school. The names of those perfect

in attendance and the Mail Clerk's re-

port next week.

The Dowell School singing school

is now an organized fact. At the meet-

ing last Thursday evening officers

were elected and it was decided to

have a term of twelve weeks with

Jesse Frey as teacher. The admission

was fixed at 25c for those who

signed for the full term of twelve

weeks. Thirty-two affixed their sig-

natures and thus signified their in-

tention of attending the full term. The

admission for single nights was fixed

at 5c. You are welcome to attend.

Remember each Friday evening at

7:30.

CASH PRIZES FOR GOOD NUT TREES

The most valuable land in the world

is in the Sahara Desert. It is made

valuable by the date trees that cover

every spot where enough water can

be had to make them grow. This great

land value comes because man has

there utilized the productive power

of the tree, nature's greatest engine

of production. It is remarkable that

we in the United States have used

trees so little to do our work for us.

An orchard of black walnuts, or

shagbark hickories, or native hick-

ories, or Ohio Valley pecans with trees as

good as the best wild ones now grow-

ing would be very valuable. Why

don't we have them? Merely because

we haven't noticed and haven't

thought. It is high time we caught

up with the people of the desert.

To help bring promising nut trees

to light, and thus start a new industry

the Northern Nut Growers' Association

is offering cash prizes of from

\$10 to \$50 for the best tree of black

walnuts, butternuts, shagbark, hick-

ories, hazel nuts and northern pecans.

Send a dozen nuts from the best nut

tree of any kind that you know of to

Dr. W. C. Deming, Secretary of the

Northern Nut Growers' Association,

Georgetown, Connecticut, and ask for

particulars of the prizes and rules of

the contest.

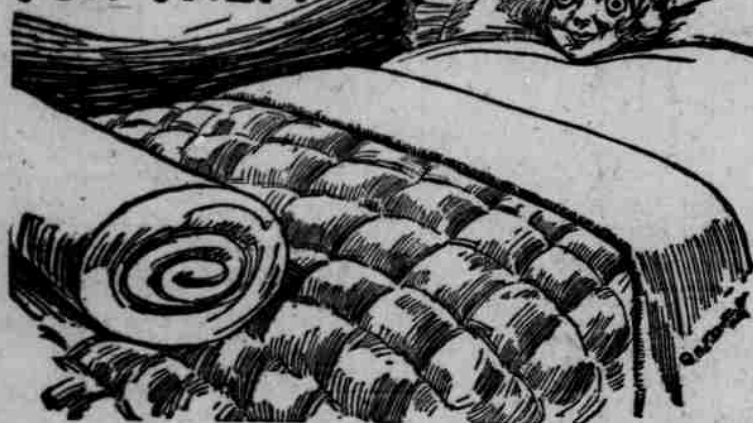

We hope some of our readers will

ret these prizes, for there are some

very fine nuts produced in the terri-

tory covered by this paper.
